5-DAY INTENSIVE TRAINING WORKSHOP

Certificate in Enterprise Risk Management (ERM)

Transform Risk Management: Earn Your Enterprise Risk Management Certificate!

GLOBAL TRAINING INSTITUTE

Course Description

The Certificate in Enterprise Risk Management (ERM) course addresses the complexities of risk in today's volatile environment. It provides participants with a strategic approach to ERM, emphasizing the importance of evaluating risks based on their business materiality. This course equips delegates with the skills to effectively aggregate and prioritize risks across the organization, fostering a culture of appropriate risk-taking that balances value creation and protection. By the end, participants will be prepared to implement an ERM framework that aligns with corporate performance expectations and supports informed decision-making.

Who Should Attend

This course is designed for:

- Chief Risk Officers
- Risk Managers
- Managers and Directors responsible for risk management processes
- Heads of Internal Audit
- Heads of Assurance Functions
- Senior Finance Professionals

Course Objectives

By the end of this course, participants will be able to:

- Implement diverse techniques for identifying and assessing risks.
- Generate measurable value by aligning ERM with corporate performance.
- Engage the Board in analyzing enterprise risk scenarios.
- Foster a culture that encourages appropriate risk-taking.
- Clarify ERM accountabilities across all organizational levels.
- Establish Key Risk Indicators (KRIs) for various business lines.
- Enhance the achievement of corporate objectives by linking performance targets to risk management actions.
